GENERAL INFORMATION

Paragraph §15.3, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (VUSBC), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in the issuance of a Certificate of Occupancy.

B. Applications must accompanied by a check for the full fee at the time of application, made payable to Treasurer of Arlington County, and must be hand-delivered or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require separate permits and inspections from Inspection Services Division. Note: This is separate from the Certificate of Occupancy process.

II. CERTIFICATE OF OCCUPANCY INSPECTIONS

A. Generally, when applications are submitted before 4:30 p.m. on Thursday, final inspections will be scheduled for the following Tuesday-Friday. If the premise was not ready for inspection when the application was submitted, please call 703-228-3883 to schedule an inspection when the premise is ready.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his representative (18 years of age or older) are present on the premises.
2. All equipment has been installed and connected.
3. If Zoning inspectors find premises are not in proper condition for inspection, no inspection will be made, and upon return, a re-inspection fee will be charged.

D. Certificate of Occupancy inspections may involve several County agencies.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities, and appurtenances. If approved by BZA variance or use permit, County Board use permit or site plan, submission of documents identifying such approval must be submitted.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

V. CAPACITIES FOR OUTDOOR/INDOOR SEATING

Please provide 5 copies of all seating layouts. For outdoor, please show the seating layout in a scaled plat (5 copies).

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

Shirley	SHIRLEY A RODRIGUEZ-FRANCISCO	6142 BARDO AVE SPRINGFIELD VA 22152	7034986666
	On Site Contact Person (if not the applicant) GONZALEZ		

GENERAL INFORMATION

Paragraph §15.3, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (VUSBC), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in the issuance of a Certificate of Occupancy.

B. Applications must accompanied by a check for the full fee at the time of application, made payable to Treasurer of Arlington County, and must be hand-delivered or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require separate permits and inspections from Inspection Services Division. Note: This is separate from the Certificate of Occupancy process.

II. CERTIFICATE OF OCCUPANCY INSPECTIONS

A. Generally, when applications are submitted before 4:30 p.m. on Thursday, final inspections will be scheduled for the following Tuesday-Friday. If the premise was not ready for inspection when the application was submitted, please call 703-228-3883 to schedule an inspection when the premise is ready.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his representative (18 years of age or older) are present on the premises.
2. All equipment has been installed and connected.
3. If Zoning inspectors find premises are not in proper condition for inspection, no inspection will be made, and upon return, a re-inspection fee will be charged.

D. Certificate of Occupancy inspections may involve several County agencies.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities, and appurtenances. If approved by BZA variance or use permit, County Board use permit or site plan, submission of documents identifying such approval must be submitted.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

V. CAPACITIES FOR OUTDOOR/INDOOR SEATING

Please provide 5 copies of all seating layouts. For outdoor, please show the seating layout in a scaled plat (5 copies).

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201. Do NOT mail it to the Treasurer.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully,** Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201. Do NOT mail it to the Treasurer.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

GENERAL INFORMATION

Paragraph 36 D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201. Do NOT mail it to the Treasurer.

C Filing an application is an indication that premises are ready for inspection If inspectors find premises are not in proper condition for inspection, no inspection will be made The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants

D All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division

II. INSPECTIONS

A Generally, a final inspection of all premises for which applications have been received prior to 4 30 p m , the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week

B Please be sure you can be reached at the telephone number shown on the application

C No inspections will be made unless
1 The applicant or his duly authorized agents are present on the premises
2 Utility services are established and operating
3 All equipment has been installed and connected

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows

A Fire Extinguishers
1 Improperly placed or hung
2 Inspection tags are not current

B Plumbing
Commercial establishments do not have water closets as required, or backflow prevention

C Electrical
Improper use of extension cords Use of extension cords is not permitted and they should be removed

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use "

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures

A Entire Building
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable

B Partial or Temporary Occupancy
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees Such certificates may be issued if that portion is in compliance with the following requirements
1 It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies
2 It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating
3 All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4 When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited
5 There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph §15.3, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (VUSBC), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in the issuance of a Certificate of Occupancy.

B. Applications must accompanied by a check for the full fee at the time of application, made payable to Treasurer of Arlington County, and must be hand-delivered or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require separate permits and inspections from Inspection Services Division. Note: This is separate from the Certificate of Occupancy process.

II. CERTIFICATE OF OCCUPANCY INSPECTIONS

A. Generally, when applications are submitted before 4:30 p.m. on Thursday, final inspections will be scheduled for the following Tuesday-Friday. If the premise was not ready for inspection when the application was submitted, please call 703-228-3883 to schedule an inspection when the premise is ready.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his representative (18 years of age or older) are present on the premises.
2. All equipment has been installed and connected.
3. If Zoning inspectors find premises are not in proper condition for inspection, no inspection will be made, and upon return, a re-inspection fee will be charged.

D. Certificate of Occupancy inspections may involve several County agencies.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities, and appurtenances. If approved by BZA variance or use permit, County Board use permit or site plan, submission of documents identifying such approval must be submitted.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

V. CAPACITIES FOR OUTDOOR/INDOOR SEATING

Please provide 5 copies of all seating layouts. For outdoor, please show the seating layout in a scaled plat (5 copies).

GENERAL INFORMATION

Paragraph §15.3, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (VUSBC), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in the issuance of a Certificate of Occupancy.

B. Applications must accompanied by a check for the full fee at the time of application, made payable to Treasurer of Arlington County, and must be hand-delivered or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require separate permits and inspections from Inspection Services Division. Note: This is separate from the Certificate of Occupancy process.

II. CERTIFICATE OF OCCUPANCY INSPECTIONS

A. Generally, when applications are submitted before 4:30 p.m. on Thursday, final inspections will be scheduled for the following Tuesday-Friday. If the premise was not ready for inspection when the application was submitted, please call 703-228-3883 to schedule an inspection when the premise is ready.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his representative (18 years of age or older) are present on the premises.
2. All equipment has been installed and connected.
3. If Zoning inspectors find premises are not in proper condition for inspection, no inspection will be made, and upon return, a re-inspection fee will be charged.

D. Certificate of Occupancy inspections may involve several County agencies.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities, and appurtenances. If approved by BZA variance or use permit, County Board use permit or site plan, submission of documents identifying such approval must be submitted.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

V. CAPACITIES FOR OUTDOOR/INDOOR SEATING

Please provide 5 copies of all seating layouts. For outdoor, please show the seating layout in a scaled plat (5 copies).

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

THIS CERTIFICATE SHALL BE CONSPICUOUSLY POSTED AT ALL TIMES

GENERAL INFORMATION

Paragraph 36 D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C Filing an application is an indication that premises are ready for inspection If inspectors find premises are not in proper condition for inspection, no inspection will be made The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants

D All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division

II. INSPECTIONS

A Generally, a final inspection of all premises for which applications have been received prior to 5 00 p m , the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week

B Please be sure you can be reached at the telephone number shown on the application

C No inspections will be made unless
1 The applicant or his duly authorized agents are present on the premises
2 Utility services are established and operating
3 All equipment has been installed and connected

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows

A Fire Extinguishers
1 Improperly placed or hung
2 Inspection tags are not current

B Plumbing
Commercial establishments do not have water closets as required, or backflow prevention

C Electrical
Improper use of extension cords Use of extension cords is not permitted and they should be removed

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use "

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures

A Entire Building
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable

B Partial or Temporary Occupancy
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees Such certificates may be issued if that portion is in compliance with the following requirements
1 It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies
2 It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating
3 All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4 When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited
5 There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

THIS CERTIFICATE SHALL BE CONSPICUOUSLY POSTED AT ALL TIMES

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

THIS CERTIFICATE SHALL BE CONSPICUOUSLY POSTED AT ALL TIMES

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

Dear Mr. Shields:

This letter is to inform you that the Certificate of Occupancy for the Mall Core & Shell permit includes any incidental mall administrative and operations offices associated with the mall.

I am writing because there has been some confusion regarding the need for a C.O. in these auxiliary spaces which the security/operations personnel work out of. We have not been requiring Certificates of Occupancy for similar spaces in office buildings and therefore an individual C.O. is not necessary.

When the construction office is turned over to the Arlington School Board an Occupancy permit will need to be applied for and inspections performed prior to reopening the facility. Please pass this requirement on to those whom are also involved in this situation.

Sincerely,

W D Dupler

Bill:

This could create a problem for us in that the application for the shell and core does not reflect that the administrative offices were to be included. Its an even greater problem if the occupants of the administrative offices are required to obtain a business licenses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

THIS CERTIFICATE SHALL BE CONSPICUOUSLY POSTED AT ALL TIMES

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully. Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

XII. Building Official

Date 1/26/2009

I, the Applicant hereby certify that the information supplied on this application is true and correct to the best of my knowledge; and that any construction, alteration or repair has been performed in accordance with the applicable regulations and under a valid permit issued by Arlington County.

Signature	Applicant name (Print)	Address	Phones
Urwan Jeffers	Urwan Jeffers	12050 Baltimore Ave Beltsville MD 20705	301-996-4431
	On Site Contact Person (if not the applicant)		

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

THIS CERTIFICATE SHALL BE CONSPICUOUSLY POSTED AT ALL TIMES

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 38.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully. Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows.

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required b variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing system properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless
1. The applicant or his duly authorized agents are present on the premises.
2 Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use "

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

TEMPORARY CERTIFICATE OF OCCUPANCY

DATE: February 9, 2007

APPLICANT: Jeff Adler - DR. NAGEL CHIROPRACTIC OFFICE

RE: 4238 Wilson Boulevard Arlington, VA (CO0700066)

This Temporary Certificate of Occupancy has been issued for the referenced address per the Virginia Uniform Statewide Building Code. **This signifies that the structure has been found to be safe to occupy; it does not mean that all permits have been completed or passed final inspection.** The permits worked on are required to comply with any noted conditions and to correct all code violations - including code violations that may be found in subsequent inspections - within fifteen (15) calendar days from issuance of this certificate. Failure to do so may result in the revocation of this Temporary Certificate of Occupancy and/or legal action. If you are unable to complete the work within this time, contact the Inspection Services Division (228-3800) Inc.and the Zoning Department (228-3883).

Upon receipt of this Temporary Certificate of Occupancy the applicant assumes full responsibility for any liability and risk associated with the use of the structure prior to completion of the work and/or issuance of a permanent Certificate of Occupancy. **The applicant understands that issuance of a Temporary Certificate of Occupancy in no way assures that a permanent Certificate of Occupancy will be issued.**

THIS CERTIFICATE MAY BE REVOKED BY THE BUILDING OFFICIAL AT ANY TIME

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

TEMPORARY CERTIFICATE OF OCCUPANCY

DATE: March 17, 2004

APPLICANT: Anthony ~~Diene~~ Fiore - In Touch Wireless, Inc.

RE: 4238 Wilson Blvd. Arlington, Virginia (CO/0400187)

This Temporary Certificate of Occupancy has been issued for the referenced address per the Virginia Uniform Statewide Building Code. **This signifies that the structure has been found to be safe to occupy; it does not mean that all permits have been completed or passed final inspection.** The permits worked on are required to comply with any noted conditions and to correct all code violations - including code violations that may be found in subsequent inspections - within fifteen (15) calendar days from issuance of this certificate. Failure to do so may result in the revocation of this Temporary Certificate of Occupancy and/or legal action. If you are unable to complete the work within this time, contact the Inspection Services Division (228-3800) and the Zoning Department (228-3883).

Upon receipt of this Temporary Certificate of Occupancy the applicant assumes full responsibility for any liability and risk associated with the use of the structure prior to completion of the work and/or issuance of a permanent Certificate of Occupancy. **The applicant understands that issuance of a Temporary Certificate of Occupancy in no way assures that a permanent Certificate of Occupancy will be issued.**

THIS CERTIFICATE MAY BE REVOKED BY THE BUILDING OFFICIAL AT ANY TIME

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV. "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, **accompanied by appropriate fees.** Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

THIS CERTIFICATE SHALL BE CONSPICUOUSLY POSTED AT ALL TIMES

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by vanance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants

D All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p m , the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application

C No inspections will be made unless

1 The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3 All equipment has been installed and connected

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows.

A Fire Extinguishers

1. Improperly placed or hung
2 Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures·

A Entire Building

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees Such certificates may be issued if that portion is in compliance with the following requirements

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4. When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited.
5 There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36 D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C Filing an application is an indication that premises are ready for inspection If inspectors find premises are not in proper condition for inspection, no inspection will be made The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants

D All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division

II. INSPECTIONS

A Generally, a final inspection of all premises for which applications have been received prior to 5 00 p m , the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week

B Please be sure you can be reached at the telephone number shown on the Application

C No inspections will be made unless

1 The applicant or his duly authorized agents are present on the premises
2 Utility services are established and operating
3 All equipment has been installed and connected

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows

A Fire Extinguishers

1 Improperly placed or hung
2 Inspection tags are not current

B Plumbing

Commercial establishments do not have water closets as required or backflow preventer

C Electrical

Improper use of extension cords Use of extension cords is not permitted and they should be removed

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use "

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures

A Entire Building

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable

B Partial or Temporary Occupancy

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees Such certificates may be issued if that portion is in compliance with the following requirements

1 It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies
2 It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating
3 All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4 When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited
5 There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5.00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. GENERAL INFORMATION

Paragraph 38.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all county ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully. Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

INSPECTION SERVICES DIVISION
2100 CLARENDON BOULEVARD #800 / ARLINGTON, VIRGINIA / 22201

TEMPORARY CERTIFICATE OF OCCUPANCY

DATE: August 8, 2006

APPLICANT: JOHN SONG - WORLDWIDE COMM, INC

RE: 4238 Wilson Boulevard Arlington, VA (CO0600637)

This Temporary Certificate of Occupancy has been issued for the referenced address per the Virginia Uniform Statewide Building Code. **This signifies that the structure has been found to be safe to occupy; it does not mean that all permits have been completed or passed final inspection.** The permits worked on are required to comply with any noted conditions and to correct all code violations - including code violations that may be found in subsequent inspections - within Fifteen (15) calendar days from issuance of this certificate. Failure to do so may result in the revocation of this Temporary Certificate of Occupancy and/or legal action. If you are unable to complete the work within this time, contact the Inspection Services Division (228-3800) Inc.and the Zoning Department (228-3883).

Upon receipt of this Temporary Certificate of Occupancy the applicant assumes full responsibility for any liability and risk associated with the use of the structure prior to completion of the work and/or issuance of a permanent Certificate of Occupancy. **The applicant understands that issuance of a Temporary Certificate of Occupancy in no way assures that a permanent Certificate of Occupancy will be issued.**

THIS CERTIFICATE MAY BE REVOKED BY THE BUILDING OFFICIAL AT ANY TIME

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36 D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures·

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5 There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36 D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201. Do NOT mail it to the Treasurer.

C Filing an application is an indication that premises are ready for inspection If inspectors find premises are not in proper condition for inspection, no inspection will be made The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants

D All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division

II. INSPECTIONS

A Generally, a final inspection of all premises for which applications have been received prior to 4 30 p m , the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week

B Please be sure you can be reached at the telephone number shown on the application

C No inspections will be made unless
1 The applicant or his duly authorized agents are present on the premises
2 Utility services are established and operating
3 All equipment has been installed and connected

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows

A Fire Extinguishers
1 Improperly placed or hung
2 Inspection tags are not current

B Plumbing
Commercial establishments do not have water closets as required, or backflow prevention

C Electrical
Improper use of extension cords Use of extension cords is not permitted and they should be removed

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use "

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A Entire Building
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable

B Partial or Temporary Occupancy
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees Such certificates may be issued if that portion is in compliance with the following requirements
1 It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies
2 It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating
3 All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4 When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited
5 There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required b variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

Acupressure

Acupressure has its beginning 5,000 years ago in China. Chinese believe that the human body has fourteen invisible meridians that carry energy throughout the body. The energy must flow evenly through the meridians to maintain good health. The aim of acupressure is to accomplish this by applying pressure through pinning on pressure points along the meridian lines. This helps break down the tension and tiredness in the area which restricts the energy balance and thus induce deep relaxation and stimulate the body's natural self-curative abilities.

Research studies and practitioners around the world have found acupressure to be a highly effective and natural way at alleviating or improving wide variety of health condition including:

Relax mind and body
Headache/migraine
Shoulder/neck/back pain
Sinus problem
Joint and muscular tension & pain
Increase blood circulation
Control appetite and boost metabolism
Promote healing of injuries
Delay aging of skin and maintain muscle tone
Increase energy level and overall feeling of well-being

Reflexology

Our feet are microcosms – or maps – of our entire bodies. They contain thousands of tiny nerves called reflexes that correspond to every organ and system within the body. Pressuring each reflex send feedback to related body part to strengthen its inherent healing capability and normalize body functions.

Reflexology helps many health problems in a natural way. It is a very safe and effective preventive care method and will not make any condition worse. It has been proven to be particularly important in alleviating and helping health problems as diverse as:

Relax mind and body
Sleeping disorders
Digestive orders
Fatigue and depression
Arthritis
Hormonal imbalance
Stress-related conditions
Aid in the removal of toxic wastes
Promote overall well-being
And many more

Therapeutic foot bath

Therapeutic foot bath utilizing special herbs is a traditional Chinese method to help preventing or alleviating symptoms of many chronic diseases and health related problems.

When soaking feet in a warm water infused with special valuable plants and therapeutic herb, the effective ingredients of plants and herbs in the warm water will seep through the skin and flow through the entire body. The foot bath eliminates odor and kills bacteria in the feet. The warm water promotes blood circulation and relieves stress and tension held in body. This further helps people to recover from the cold, insomnia, hand/feet paralysis and other types of diseases. Foot bath followed with foAbout Us

4,000 years of history and are now actively practiced around the world. They are a vital part of preventive care which provides relaxation and rejuvenation for all the aspects of a person as a whole body emotions, mind and spirit. Invest a little in maintaining a good health and it will pay off in the long run.
Promote blood circulation
Reflex your tired feet, joint and leg
Balance metabolism and detoxify
Prevent cardiovascular diseases
Adjust nerve system
Better Sleep
Reduce stress, tiredness, etc.

Consistent use of therapeutic foot bath and reflexology can greatly benefit everyone's health, and alleviate and prevent disease.

April 10, 2008

Mr. Peter,

My name is Hailing Shi. I am a certified massage therapist in the State of Virginia. I am writing to inform you that Mr. Dejiang Wang has used unauthorized means to obtain my Virginia State Certificate (Number: 0019005774) on April 9, 2008 in order to open a store without my consent or knowledge. I am also led to believe that he will further use my certificate to open more stores without my consent or knowledge. I will formally file complains at the district courts of Virginia to prevent this person's unauthorized use of my certificate. I hope you will be able to assist me in this process. Please do not use this certificate under any circumstances, as the law enforcement department will be on this case soon. Please keep this letter as a record.

If you have concerns, do not hesitate to contact me at hschance@juno.com. Thank you.

Best regards,
Hailing Shi

GENERAL INFORMATION

Paragraph 36 D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C Filing an application is an indication that premises are ready for inspection If inspectors find premises are not in proper condition for inspection, no inspection will be made The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m , the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless.

1 The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating
3 All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A Fire Extinguishers

1 Improperly placed or hung.
2 Inspection tags are not current.

B Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A Entire Building

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating
3 All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4. When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

TEMPORARY CERTIFICATE OF OCCUPANCY

DATE: October 4, 2006

APPLICANT: KAREN THOMPSON CFO- HARVEST CHRISTIAN BOOKS AND MUSIC

RE: 4238 Wilson Boulevard Arlington, VA (CO0600861)

This Temporary Certificate of Occupancy has been issued for the referenced address per the Virginia Uniform Statewide Building Code. **This signifies that the structure has been found to be safe to occupy; it does not mean that all permits have been completed or passed final inspection.** The permits worked on are required to comply with any noted conditions and to correct all code violations - including code violations that may be found in subsequent inspections - within Fifteen (15) calendar days from issuance of this certificate. Failure to do so may result in the revocation of this Temporary Certificate of Occupancy and/or legal action. If you are unable to complete the work within this time, contact the Inspection Services Division (228-3800) Inc.and the Zoning Department (228-3883).

Upon receipt of this Temporary Certificate of Occupancy the applicant assumes full responsibility for any liability and risk associated with the use of the structure prior to completion of the work and/or issuance of a permanent Certificate of Occupancy. **The applicant understands that issuance of a Temporary Certificate of Occupancy in no way assures that a permanent Certificate of Occupancy will be issued.**

FOOD ESTABLISHMENT LICENSE APPLICATION

Please print clearly or type the information requested below. Submit a completed application including processing fee to the address listed above. The establishment's name and the owner's name must be the same as that recorded on the Arlington County business license.

Plans and specifications for construction or remodeling of a facility must be submitted to Environmental Health Bureau for review and approval before any work can be started. A fee is required for the plan review. If any existing equipment is to be replaced or new equipment installed, you must submit the manufacturer's name and model number for approval before installation. You must also notify Environmental Health Bureau of a change of ownership.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection If inspectors find premises are not in proper condition for inspection, no inspection will be made The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants

D All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division

II. INSPECTIONS

A Generally, a final inspection of all premises for which applications have been received prior to 5.00 p.m , the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week

B. Please be sure you can be reached at the telephone number shown on the Application

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating
3 All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A Fire Extinguishers

1 Improperly placed or hung
2 Inspection tags are not current

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A Entire Building

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies
2 It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3 All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances
4 When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited
5 There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all county ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully. Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. **Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.**

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

Arlington, VA 22203

Re: CE084567 - Revocation of Certificate of Occupancy
4238 Wilson Blvd., RPC #14059035, Zoned C-O-2.5

On December 23, 2008 several County Officials visited your place of business (Refreshing Massage) to discuss concerns regarding your Certificate of Occupancy. It has been discovered that your business provided the Arlington County Zoning Office with an inappropriate Massage License for its operators, which requires the Zoning office to revoke the Certificate of Occupancy until the appropriate documents are received.

The Arlington County Zoning Ordinance Section 37.1 under the heading VIOLATIONS AND PENALTIES, it shall constitute a violation of this ordinance for any person, firm or corporation, either owner, agent or occupant, to do any of the things for which a permit is required by this ordinance without having first obtained the said permit; and any permit issued upon a false statement of any fact which is material to the issuance thereof shall be void. Whenever the fact of such false statement shall be established to the satisfaction of the Zoning Administrator, he shall forthwith revoke the same, by notice in writing to be delivered to the holder of the void permit upon the premises where the violation has occurred, or, if such holder be not found there, by posting the said notice of revocation in some conspicuous place upon the said premises. Any such person, firm or corporation who shall proceed thereafter with such work or use without having obtained a new permit in accordance with this ordinance shall be deemed guilty of violation thereof.

You are required to correct this matter by providing the appropriate license for each operator on site or discontinue operating until you are in full compliance. The Arlington County Zoning Ordinance Section 37.2 states, it shall constitute a violation of this ordinance for any person, firm or corporation, either owner, agent or occupant, to disobey, neglect or refuse to comply with or resist the enforcement of any of the provisions of this ordinance. Each day upon which the said violation shall continue shall constitute a separate violation.

In the event compliance has not been achieved, our office will take further action as provided by the applicable ordinance(s). If extenuating circumstances exist, the compliance deadline may be extended. Requests for extension must be made in writing and received at least three days before the compliance deadline. ***Please include in the request for an extension a projected date of completion with any supporting documentation.***

You may also appeal this notice to the board of appeals, provided that a written application for appeal is filed within 30 days after a violation notice is served. For information on how to appeal, call (703) 228-3883.

Sincerely,

Essie Corbin, Site Plan Inspector for Melinda Artman, Zoning Administrator

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 1000, 2100 Clarendon Boulevard, Arlington, VA 22201. Do NOT mail it to the Treasurer.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C Filing an application is an indication that premises are ready for inspection If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5 00 p.m , the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week

B. Please be sure you can be reached at the telephone number shown on the Application.

C No inspections will be made unless:

1 The applicant or his duly authorized agents are present on the premises.
2 Utility services are established and operating
3 All equipment has been installed and connected

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows.

A. Fire Extinguishers

1 Improperly placed or hung
2. Inspection tags are not current

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use "

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A Entire Building

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies
2 It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3 All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5 There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

THIS CERTIFICATE SHALL BE CONSPICUOUSLY POSTED AT ALL TIMES

GENERAL INFORMATION

aragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of ccupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the uilding or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, lterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services egulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

GENERAL

. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

I. INSPECTIONS

. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

. Please be sure you can be reached at the telephone number shown on the Application.

. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

II. FREQUENTLY FOUND DISCREPANCIES

he most frequently found discrepancies which result in delaying issuance f a Certificate of Occupancy are as follows:

. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.

TEMPORARY CERTIFICATE OF OCCUPANCY

DATE: 11-04-2005

APPLICANT: DAE KIM

RE: 4238 WILSON BLVD ARL ; Floor # 2 ; Suite # 2160
FASHION GROUP INC. T/A LUCAYA

This Temporary Certificate of Occupancy has been issued for the above referenced address per the Virginia Uniform Statewide Building Code, Section 115. **This signifies that the structure has been found to be safe to occupy; it does not mean that all permits have been completed or passed final inspection.** The permit holder and occupant are required to comply with any noted conditions and to correct all code violations - including code violations that may be found in subsequent inspections - within fifteen (15) calendar days from issuance of this certificate. Failure to do so may result in the revocation of this Temporary Certificate of Occupancy and/or legal action. If you are unable to complete the work within this time, contact the Inspection Services Division (228-3800) and the Zoning Department (228-3883).

Upon receipt of this Temporary Certificate of Occupancy the applicant assumes full responsibility for any liablility and risk associated with the use of the structure prior to completion of the work and/or issuance of a permanent Certificate of Occupancy. **The applicant understands that issuance of a Temporary Certificate of Occupancy in no way assures that a permanent Certificate of Occupancy will be issued.**

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED.

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:
1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing
Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical
Improper use of extension cords Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.
An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.
After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.
B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.
C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.
D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.
B. Please be sure you can be reached at the telephone number shown on the application.
C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.
B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.
C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.
B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be complied with.

"NO" OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a re-inspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

Our Letter Dated:
September, 1995
Addendum Applies:
No

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

You are required to make your annual information return, Form 990 or Form 990-EZ, available for public inspection for three years after the later of the due date of the return or the date the return is filed. You are also required to make available for public inspection your exemption application, any supporting documents, and your exemption letter. Copies of these documents are also required to be provided to any individual upon written or in person request without charge other than reasonable fees for copying and postage. You may fulfill this requirement by placing these documents on the Internet. Penalties may be imposed for failure to comply with these requirements. Additional information is available in Publication 557, Tax-Exempt Status for Your Organization, or you may call our toll free number shown above.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

GENERAL INFORMATION

ragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of cupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the ilding or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, erations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services gulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

GENERAL

Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

INSPECTIONS

. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

. Please be sure you can be reached at the telephone number shown on the Application.

. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

. FREQUENTLY FOUND DISCREPANCIES

ne most frequently found discrepancies which result in delaying issuance a Certificate of Occupancy are as follows:

. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

GENERAL

Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

INSPECTIONS

Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

Please be sure you can be reached at the telephone number shown on the Application.

No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

ragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of cupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the ilding or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, erations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services gulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

GENERAL

Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

INSPECTIONS

. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

. Please be sure you can be reached at the telephone number shown on the Application.

. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

. FREQUENTLY FOUND DISCREPANCIES

ne most frequently found discrepancies which result in delaying issuance a Certificate of Occupancy are as follows:

. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

3. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed and at all times are to be kept clean and free of debris and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

THIS CERTIFICATE SHALL BE CONSPICUOUSLY POSTED AT ALL TIMES

GENERAL INFORMATION

Paragraph 36 D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions **carefully**, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, Suite 810, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3 All equipment has been installed and connected

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

TEMPORARY CERTIFICATE OF OCCUPANCY

DATE: December 03, 2004

APPLICANT: Randy Dingus - The Barber Shop

RE: 4238 Wilson Boulevard Arlington, Virginia (CO/0400868)

This Temporary Certificate of Occupancy has been issued for the referenced address per the Virginia Uniform Statewide Building Code. **This signifies that the structure has been found to be safe to occupy; it does not mean that all permits have been completed or passed final inspection.** The permits worked on are required to comply with any noted conditions and to correct all code violations - including code violations that may be found in subsequent inspections - within fifteen (15) calendar days from issuance of this certificate. Failure to do so may result in the revocation of this Temporary Certificate of Occupancy and/or legal action. If you are unable to complete the work within this time, contact the Inspection Services Division (228-3800) Inc.and the Zoning Department (228-3883).

Upon receipt of this Temporary Certificate of Occupancy the applicant assumes full responsibility for any liability and risk associated with the use of the structure prior to completion of the work and/or issuance of a permanent Certificate of Occupancy. **The applicant understands that issuance of a Temporary Certificate of Occupancy in no way assures that a permanent Certificate of Occupancy will be issued.**

THIS CERTIFICATE MAY BE REVOKED BY THE BUILDING OFFICIAL AT ANY TIME

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the application.

C. No inspections will be made unless:
   1. The applicant or his duly authorized agents are present on the premises.
   2. Utility services are established and operating.
   3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers
   1. Improperly placed or hung.
   2. Inspection tags are not current.

B. Plumbing
   Commercial establishments do not have water closets as required, or backflow prevention.

C. Electrical
   Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building:
   An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy:
   After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees. Such certificates may be issued if that portion is in compliance with the following requirements:
   1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
   2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
   3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
   4. When applicable, a separate elevator for occupants use must be provided. Use of this elevator by construction personnel is prohibited.
   5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

GENERAL INFORMATION

Paragraph 36.D, Arlington County Zoning Ordinance, and Section 117, Virginia Uniform Statewide Building Code (BOCA), state that no occupancy or change of occupancy, use or change of use of any land or building shall take place until a Certificate of Occupancy has been issued. This Certificate shall state that the building or proposed use of the building or land complies with all provisions of law and all country ordinances and regulations. Therefore all construction work, alterations, remodeling, or repair must be done under permits issued by the Inspection Services Division. All safety regulations, Department of Human Services regulations, and Public Works Department must be Complied with.

'No' OCCUPANCY OR USE IS PERMITTED UNTIL THE CERTIFICATE APPLIED FOR UNDER THIS APPLICATION HAS BEEN ISSUED

INSTRUCTIONS FOR FILING APPLICATION

I. GENERAL

A. Read instructions carefully, Erroneous information will result in delays in issuance of a Certificate of Occupancy.

B. Applications, accompanied by a check made payable to Treasurer of Arlington County, for the full fee may be hand-carried or mailed to: Zoning Administrator, #1 Courthouse Plaza, Suite 812, 2100 Clarendon Boulevard, Arlington, VA 22201.

C. Filing an application is an indication that premises are ready for inspection. If inspectors find premises are not in proper condition for inspection, no inspection will be made. The various sections of the Inspection Services Division may charge a reinspection fee if the situation warrants.

D. All new construction and all alterations (other than painting) involving building, electrical, plumbing, heating, ventilation, and air conditioning work require permits from Inspection Services Division.

II. INSPECTIONS

A. Generally, a final inspection of all premises for which applications have been received prior to 5:00 p.m., the previous Thursday, will be made on the following Tuesday and no later than Friday morning of each week.

B. Please be sure you can be reached at the telephone number shown on the Application.

C. No inspections will be made unless:

1. The applicant or his duly authorized agents are present on the premises.
2. Utility services are established and operating.
3. All equipment has been installed and connected.

III. FREQUENTLY FOUND DISCREPANCIES

The most frequently found discrepancies which result in delaying issuance of a Certificate of Occupancy are as follows:

A. Fire Extinguishers

1. Improperly placed or hung.
2. Inspection tags are not current.

B. Plumbing

Commercial establishments do not have water closets as required or backflow preventer.

C. Electrical

Improper use of extension cords. Use of extension cords is not permitted and they should be removed.

IV. SPECIAL APPLICATIONS

Applications for child care shall so indicate in Space IV, "Proposed Use."

V. NEW BUILDINGS

Applications for and issuance of Certificate of Occupancy for newly constructed buildings or portions still under construction will adhere in sequence to the following procedures:

A. Entire Building.

An application shall be filed for the entire building, including all site improvements, amenities and appurtenances which are required by variance, use permit, or site plan approval, as may be applicable.

B. Partial or Temporary Occupancy.

After the application described in Step A has been filed, additional applications for Certificate of Occupancy for a portion of the building, either still under construction or complete, may be filed, accompanied by appropriate fees Such certificates may be issued if that portion is in compliance with the following requirements:

1. It must be complete in all respects, with final inspections completed and approved by the Inspection Services Division and other applicable agencies.
2. It must be capable of being occupied safely with all safety and alarm systems, mechanical, electrical and plumbing systems properly operating.
3. All required means of ingress and egress must be completed **and at all times are to be kept clean and free of debris** and construction material and provide a safe, clean means of exit from the area to be occupied to the street in compliance with applicable laws and ordinances.
4. When applicable, a separate elevator for occupants use must be provided Use of this elevator by construction personnel is prohibited.
5. There must be no major interference with or interruption of the occupant's normal activities as work on the balance of the building progresses.

CONGRATULATIONS!

We are pleased to advise you that the Certificate of Occupancy application filed under: **SIMPLY WIRELESS, INC** that was submitted has been approved as of the date of this letter. We would like to recognize and thank you for your valuable assistance in expediting this process.

As you know, the primary purpose for obtaining a Certificate of Occupancy is to ensure all buildings or structures are complete and in compliance with the codes and ordinances for which the occupancy has been applied. These Buildings or structures, or portions thereof, may or may not have a specific tenant.

The Certificate of Occupancy and Compliance certifies that the building permit obtainer has agreed to the following items:

1. He/she has obtained the reference building permits and is an employer of the obtainer, and
2. He/she is familiar with the construction accomplished pursuant to that permit, and
3. Construction has been completed with the exception noted on the Certificate of Occupancy and Compliance, and
4. He/she is familiar with building standards and procedures applicable to such construction, and
5. To the best of his/her knowledge, information, and belief such construction has been performed to the conformity with all building standards and procedures.

We are happy to have served you well in the past and we look forward to continuing to provide you with whatever assistance you may need in the future. If you have any questions or concerns about your Certificate of Occupancy please call Zoning during working hours at (703) 228-3883.

Sincerely,

Melinda Artman, Zoning Administrator
Shahrair Amiri, Building Official
