Are epinephrine auto-injectors stored in safe, unlocked, and accessible locations in ALL school buildings?	33

Instructions for completing the Chronic Health Conditions Report

To the school nurse:

1. This is a write on form. Save it to your hard drive, complete the report and attach it to an e-mail to your school nurse coordinator.
2. There are 5 sections above that ask for “Total with...” Please fill in the total number of students you have with that condition in the block next to those words. In addition, please answer the questions in the same section as the total. The secondary numbers in those sections may not add up to the total number of students who have the chronic illness.
