Kelley, thanks for the virtual introduction.

Jack, what times work for you in the next few days?

I am on the road on Wednesday so anytime work for you on Thursday or Friday this week?

Schultz, John

Jack

I have spoken with our Fiber/Transport Solutions/Systems Networking team (cc'd above) about your project. They are excited at the possibility of working with you and would love to connect with you to discuss your specific requirements and asks and how/where AWS can assist. Understanding your timeframe, they will be reaching out to you directly to schedule a call and a meeting. Stay tuned J

Thanks,  
Kelley

Hardik, hope all is well. We are exploring initiatives to enhance our health services to the community through leveraging fiber and wireless infrastructure. I came across the work of Dr. Atul Gawande. Are his initiatives part of your AWS initiatives? We would love to see if there are any synergies.

Thanks

Jack
