**Subject:** RE: Logistics for 12/18 Fireside Chat

Todd, additional questions.

Would you like the audience of your visit be limited to just the County Staff or expanded to include our partners at Virginia Tech, George Mason University and Arlington Public Schools

Our future elected County Board Chair Christian Dorsey would like to attend if possible.

Let me know your thoughts. I would like to make this meeting as productive as can be possible.

Thank you.

Jack

Todd,  
Is it possible to have a short call to discuss what you like me to talk to?

Jack

**Subject:** Logistics for 12/18 Fireside Chat

Hello Jack:

Thank you for your call last Friday to confirm your availability to participate in the "Fireside Chat" at the AWS All Hands Meeting for the State & Local Government organization. Here are a few details about the event:

**Date:** Tuesday, December 18<sup>th</sup>  
**Time:** 5:00 to 6:00pm ET (followed by a reception)

**Location:** The Westin Arlington Gateway Hotel  
F. Scott Fitzgerald Ballroom – 2<sup>nd</sup> Floor  
801 N Glebe Rd, Arlington, VA 22203

**Parking:** There is valet parking at the hotel, and several parking decks nearby, including at the Cooperative Plaza two blocks to the East at 900 N. Taylor Street.

**Metro:** As you know, the Westin is a two block walk west of the Ballston Metro stop.

**Reception:** 6pm to ~8pm ET immediately outside the F. Scott Fitzgerald Ballroom  
This is optional, but we hope you can join at least a portion.

**Format:** This will be an informal and interactive session during which Kim Majerus, the nationwide leader of State & Local Government at AWS, moderates a discussion with both you and with Frank Johnson, CIO of the City of Baltimore City.

Amazon's culture is centered on written and spoken "narratives", so there is no need to prepare Powerpoint slides. Kim will start by asking you to share a short description about your background, role as CIO and top challenges followed by interview-style

questions. She will also

invite questions from the audience of approximately 90 sales professionals, solution architects, technology specialists, and support functions such as legal and finance.

Next Steps: We are planning a short call to share some potential audience questions with you and to answer any remaining questions you have. More details to follow about that.

Thank you again, and please reply with any questions you have.

Best Regards,

Todd
