>> Hi Brian: I know Holly talked with Christian and our staff today about Amazon's NY plans. We're all glad to hear you are still planning to move forward there.

>>

>> FWIW, I thought I'd let you know I agree with what Holly heard: should you decide to change course with NY in a way that would affect us, it's important that nothing get announced before we've completed the agreements we're finishing up. There are still some vocal opponents here, but I think more and more people are becoming comfortable with the current plans. As I'm sure you appreciate, it would be difficult and painful to change anything now. Once everything is set, of course, we can talk about planning for more folks if that's something you decide you want. We just need to get this first step done. Have a good weekend! Libby
