

A REGIONAL CONVERSATION WITH AMAZON

February 21 | GEORGE MASON UNIVERSITY'S ARLINGTON CAMPUS

Tonight's gathering of elected officials, government executives, and business and community leaders is a next step in an important dialogue about Amazon's plans to locate its new headquarters in Arlington. The Metropolitan Washington Council of Governments (COG) is proud to host this conversation as Amazon prepares to become a bigger part of our diverse, dynamic, and growing region.

Our panel will discuss and take questions on a variety of topics, including Amazon's economic impacts, the headquarters development, job creation and workforce development, and the company's approach to working with the community on housing, transportation, and sustainability.
