**Subject:** DRAFT Agenda for Jan 12 Session

**Attachment(s):** "amazon.january 12.DRAFT.Brief and ROSbh.docx"

Attached is the draft run of show for Jan 12<sup>th</sup> session. The biggest difference between this one and the session before the holidays is that Christian Dorsey will be facilitating the session and will guide the discussions so any one topic doesn't dominate the conversation (previously Bryna Helfer facilitated). Also, They are going to be asking prompting questions vs just raising the area of interest .

For example, asking the question "Arlington and the region already have many transportation challenges facing us. What specific transportation system improvements do we need to see to meet our future needs, especially with Amazon coming? " . In the previous session, the audience could say whatever they like about anything related to transportation.

Let me know about the dates. I think we could probably build off this Jan 12<sup>th</sup> session and do something similar.

Christina
