Subject: Re: 1/23/ HQ2 Event at Virginia Tech Reminder

Michael,

I have asked Christina Winn, my Director of Business Investment that worked with me on the Amazon HQ2 deal to stand in for me for the panel discussion this evening.
I apologize for the last minute change in my schedule.

I have been asked by the Secretary of Commerce to attend a Hearing in Richmond on two Amazon Bills that are going in front of the full committee today.
They have also asked me to attend the Virginia Economic Development Partnership Meeting tomorrow in Richmond. This often happens during the Legislative Session, so I am used to it

I know the panel will be great.

Best,

Victor

Victor, Jack Christie and Steve,

Just a reminder that our event is tomorrow. Please plan on arriving by 5 PM so we can go through a quick review of the flow for the discussion. We have two additional panelists that got added at the last minute, Brandy Salmon, the Associate Vice President for Innovation and Partnerships at Virginia Tech and Dr. Charles Clancy, the Executive Director of Virginia Tech's Hume Center for National Security and Technology. My plan is to have the Virginia Tech panelists focus on the Innovation Center and the education component stemming from the HQ2 agreement.

I think we have a great program and I know all of you will do great tomorrow!

Thanks again for agreeing to participate.

Mike
