Thanks Brian – That will be very helpful to huddle after the briefing tomorrow. And yes, I forgot about the Virginia Chamber event – next week will be fine to schedule a follow up call.

Just scanning through the questions. This is really helpful, and thanks for pulling together and passing along. We are already working toward pulling info to answer some of these questions.

Friday is a bit difficult as there are a number of events that day and several of us will be down in Williamsburg. I can stick around tomorrow after the Levine meeting to narrow the scope a little, if that helps. But can we look to connect early next week?

Subject: Community Engagement Questions

Team Amazon –

I wanted to give the questions that have been asked at the in person community engagement sessions and a list of questions submitted by a community group. We answered all of these questions, but there are a few highlighted ones that we would like your assistance with in helping our leadership develop appropriate talking points.

During the KoJo Town Hall there were several questions that had to do with Amazon's corporate ethics, hiring practice, sexual harassment in workplace, hiring labor unions for construction, diversity in workplace, etc. Can we set up a call to discuss? Maybe Friday?

Thanks
Christina

PS: I don't have Steve's email so can you forward to him as well? Thanks again.
