Good morning,

Each year, the Northern Virginia Chamber hosts weekly calls from Richmond to update the membership on the happenings in Richmond during the General Assembly session. These calls, open to all members of the Northern Virginia Chamber, take place each Friday morning during session from 8:00-8:30 AM (starting on the second Friday) and cover the actions from the previous week on issues of importance to the Chamber and the Northern Virginia business community, while also serving as a preview of the week to come. This is a great opportunity to keep informed as well as have input on the Chamber's activities during the General Assembly session.

If you have questions, please do not hesitate to reach out to me directly via e-mail at [mforehand@novachamber.org](mailto:mforehand@novachamber.org).

Best,

Mike
