Subject: Meet this week with Faisal Hanafi regarding working with AWS on Arlington Homeless initiative
Importance: High

Jack

Do you have time this week to meet with Faisal Hanafi? When we last met, you discussed your efforts and initiatives around the Homeless in Arlington and Hardik mentioned briefly that AWS was working on this same initiative in Texas. Faisal, is our SLG Strategy Lead who is leading this effort and he will be in town for our Public Sector Summit this week and would love to discuss further with you. I have shared the following with Faisal regarding the Homeless High level situation in Arlington County

- Arlington's 2018 Point in Time Count, conducted in January = 221 (199 sheltered, 33 unsheltered)
- Homeless count is down from 2017, still up from 2016's number.
- Full report published, see page 70 of [Homelessness in Metropolitan Washington: Results and Analysis from the 2018 Point-in-Time Count of Persons Experiencing Homelessness](#)
- Arlington County [10 Year Plan to End Homelessness](#).
- Arlington, County is its own "Continuum of Care" but is addressed by the Metropolitan Washington Council of Governments mwcog.org that includes DC Metro area, one of the cities with the highest counts.

Do you have time to meet with Faisal this week at the summit, over coffee, lunch, dinner, etc.?

Thanks,
Kelley
