Subject: RE: Presentation to CoG CIOs

Hardik –

I will be sending you two separate emails: 1) a Go To Meeting invitation for our meeting on Thursday and 2) connecting you with my IT team. My IT team will contact you to do a test run ahead of the meeting to ensure that all is working. We will have the ability for the CIOs to see you in the meeting, if you turn on your webcam, and will also have the capability for the audience to ask you questions following your discussion/presentation. Please let me know if you have any questions/concerns. We're looking forward to your presentation!!

Best,

Wendy

I will just have to find a quiet place there. It may not be that impactful, but I am sure I can Skype in.

Hi Wendy and Jack,

I did not account for the travel, 1 hour and 20 minutes from the conference site to Loudon County. I switched my presentation at the conference to an earlier time to end at 11:45. But I can't still get to your site in time. My sincere apologies.

I am happy to make a special trip at one of your next meetings to present what's happening in smart cities, what I did in Illinois for our smart state initiative and what cook county (IL) is doing with its smarter communities program.

My apologies again for not being able to join you this week.

Hardik –

Good morning and thank you for reaching out to me by way of Jack. We anticipated starting our CIO morning meeting at 8:30 with breakfast foods, etc. from 8:30 to 9am followed by a welcome from Loudoun's County Administrator, and Chair of the regional HSEC at 9am. After that, I thought that Wanda would want to speak as Chair of the CIO group. It would be great if you could close the meeting with a presentation and discussion during lunch, from 12-1 about smart communities. Would you be available to do that? Also, the Washington Convention Center is about 1 h 20 min East of Loudoun so wanted to make you aware of distance for planning purposes. I'm including Wanda on this email in case she has other thoughts regarding timing, etc.

Regards,

Wendy

Hi Jack,

It was great seeing you in the morning. Very powerful discussion. I am impressed with the vision + execution you have. thanks for the introduction and invitation to speak at the cio summit.

Hi Wendy and Julie,

Very nice to meet you. Thank you for the opportunity to present. The only time I am tied up at AWS Public Sector Summit at Washington conference center is 10:30-11 am. I am quite open before or after. And if that is a time that works better, I can work to reschedule my commitment at the AWS event. Also please let me know if there are specific areas you would want us to cover.

Thanks.

Hardik and Kelley,

Let me introduce you to Wendy Wickens, the CIO of Loudoun County and Julie Gall of the Council of Governments who will be hosting the CoG CIO meeting. We are very interested in having you address the CIOs.

Wendy and Julie can provide time and duration of the discussion.

Thank you so much for agreeing to participate.

Jack
