**Subject:** Virtual Introductions

Anita, I would like to virtually introduce you to Faisal Hanafi and Kelley Dubois of Amazon Web Services. We discussed today an initiative they are working to address the tracking homeless through various data analytic tools they have. I told them you any your team have done a lot in this area and would be the best judge to determine their proposal. Faisal and Kelley, Anita is the Director of the Arlington Department of Human Services.

I hope you all can meet and discuss.

Thanks

Jack
