Subject: FW: Arlington County and the total care view

Alistair, Jessie,

Tentatively reserved 9:00-12:00 on Thursday, November 15; please let me know what time works best for you. Reserved a conference room on the third floor (with PC/TV/Internet if needed), conference room 360. Come to the third floor and ask for me, or call me (x1658 or 703-795-6704).

Do you want to refine the agenda in advance, or dive in on the 15th?

I am planning on including my business analysis team that is currently wrestling with the same challenges (one manager, two analysts). They have many data sets already in hand, however not full data sets (not all data from source systems, and certainly not all source systems).

Chris Green
703-228-1658

Jessie,

Why don't we plan a working session with Alistair on November 15 in the morning. I will send you and Alistair a quick follow-up and we can start coordinating logistics and agenda.

Subject: Arlington County and the total care view

Jack, Anita, Deborah, and team,

Thank you again for investing the time with us Tuesday. It was a pleasure to sit down and hear from each team about the important work they do, and we're excited to keep this going. Please share this with the rest of the team we met this week.

As a next step, let's schedule another in-person session. This time we can dive deeper into the data sources, complexities, and begin teasing out the elements of what you would consider a minimum lovable product (MLP) and scope for a proof of concept (POC) that accomplishes the goals 1) who is DHS serving, 2) with which programs, 3) to what end result.

Alistair Mclean, the Senior Solution Architect who joined us virtually this week, can come to Arlington either 11/13 or 11/15. Would either of those work for a session with Chris and Michael-dharma, and others you want to involve?

Thank you again,
Have a great weekend,
Jessie Metcalf
