Of course not a problem (after all, I'm "crashing the party" myself!).

Thank you for the reminder about the parking. I likely will be coming by car: a Mini Cooper, license plate #LCH7530.

See you on Thursday.

Katie

Tracy/Katie,

Would you mind if we took care of this short presentation by JBG on the Crystal Square construction, as requested in the attached email, before we turn to the panel as the main focus of Thursday's meeting? We would start the panel no later than 7:30 then, after our short elections and Clyde's presentation plus questions. Andy has already agreed (hey, he's JBG!), so if it's ok with both of you, I'll change the schedule.

Also, don't forget that if you need a parking pass to send me the make and license plate of your car.

Carol

Hi Carol-

For the meeting on Thursday, can I make one small change request to the agenda?

It would be great if I could make my very quick, likely 5 minute, presentation on 1770 Crystal Drive and Central District retail before the panel discussion on National Landing.

It is vital that we present this information on Thursday as a requirement for us to complete our site plan conditions to begin work, and will allow for an uninterrupted panel discussion to commence immediately afterward.

Please confirm that is ok, and thank you again for all of your help!

Best,
