Mark,

Per my conversation with Shannon yesterday, we have **updated our cover letter and memo** (attached) with our latest analysis and ask that you kindly pass along for County legal review. These documents were produced in follow up to our meeting with you on January 30th, 2019, and provide a legal assessment of whether the BID can undertake certain obligations of the Potomac Yard Property Owner's Association in connection with potential BID boundary expansion.

We would greatly appreciate your feedback on the memo, whether you concur with its findings, and any recommended next steps to support the proposed expansion. Given the time sensitivity of the effort, a response by the end of February would greatly facilitate outreach to property owners and completion of the submission package for formal BID boundary expansion. The evaluation of "Physical Work" components is time-critical, whereas the approach to TMP services would be acceptable to evaluate and address over a longer timeframe.

Thank you in advance for your review and continued partnership on this matter. As always, we welcome any questions or concerns.

Best regards,
Tracy
