Subject: Elevator Issue - 2100 Clarendon

Good morning,

I'm pretty sure that there is another person we should contact but since I don't know who that is, I am informing you. I work on the 10th floor of 2100 Clarendon Blvd and my colleagues and I just escaped getting stuck in the elevator. Unfortunately we all jumped off before we could take note of the elevator number but it's the one that is I believe the SW corner. On the third floor, where we were able to get off, it's the closest elevator to the County Board room. I just wanted someone to be aware, if they aren't already, that it is having a problem. I'm at 703-228-3428 if someone needs to speak with me about it.

Thanks,

Arlova
