Here is an early message from JBG after we met in October. Just a start, I'm still looking at anything else I may have received. Hang in there

Tony or Louie,

See if you can find a time that works for me and the folks on the cc line. Sarah Crawford optional. Tim O'Hora could sub for Uri.

Greg

Greg, Lisa, Luis, and Qianqian,

Thank you so much for taking the time to meet with us earlier this week. We really appreciated your thoughts and creative potential solutions to advancing this project.

After our meeting we engaged VIKA to help us develop a project schedule for undergrounding the utility lines adjacent to Metropolitan Park. We would like to meet next week to review and discuss next steps. Would 9:00 the morning of Thursday the 11th work for your team? If not, can you suggest some other dates/times next week that work for your team?

Regarding excavation: we have our land use attorney reviewing the viability of the "by right" option. I understand from Greg that the County attorney has also begun exploring the viability of this approach. We can plan to each provide updates on that discussion next week as well.

Best,
Matt
