Hi Woody,

I am responding to your question about the Central Place bond. I know we've corresponded previously on another of your projects, and with Steve Halkyard's retirement you can consider me the point of contact for any questions related to public improvement bonds.

I checked our files and the bond number you mention below refers to the Central Place Commercial Tower. Does this sound correct? I will be contacting the site inspectors for this project to see if they have any outstanding issues, and I will let you know their responses as soon as I hear back from them.

If anything else comes up, please feel free to contact me.

Thanks.

Subject: Central Place Bonds

Jeanine – My name is Woody Axelson and I am working on our Central Place project. We are trying to close out bond number BMR1025982 for the project and I previously had been contacting Steve H. to see if we had any outstanding completion items. I got a bounce back email this morning so I was wondering if there was someone replacing him that I could reach out to regarding the bonds.

Thanks,
Woody
