Subject: Next Steps for Crystal City to DCA (CC2DCA) Bridge & MWA Development Concept

As you all know, there are three major parts to the Pedestrian Bridge Project from Crystal City to DCA (CC2DCA): 1. the VRE Station, 2. the Pedestrian Bridge and 3. the Proposed MWA on-campus Headquarters/Hotel/Conference Center Project discussed in October.

The objective of this meeting is to lay the ground work for a process going forward for each of these important elements. The Draft Agenda below should guide us through our initial meeting. The follow up meetings will have less participants and focus on particular elements of the project.

If you feel that an important element has been omitted. Please respond to me directly. I will take the responsibility of making sure the agenda is modified.

Maria Leonzo from my office will work with your support Teams to coordinate the time for the meeting. She will work with your staff to make sure everyone listed below receives an invitation. There are a series of dates below that we are targeting.

Finally, below you will also find a list of attendees. If there is an oversight and we did not list a key staff person, please respond to me directly. Thank you for taking the time to begin to move this amazing opportunity forward.

Draft Agenda:

- I. Introductions
- II. Roles and Responsibilities of each organization
- III. Project Concept and Design-SOM
