As follow up to my conversation with Matt and Victor following our meeting in December, I spoke with Don Beyer about setting up a high level meeting with the NPS to begin the discussions regarding the foot bridge over GWP. He agreed with the strategy and is calling the NPS to schedule a meeting for us. He will also try to attend. I asked him to give us a couple of dates so that we can coordinate our own internal schedules. I'll keep all of you posted as soon as I hear from him.
