Victor,

Yes, this will work. Let's have an initial call on Monday. I have a couple of questions.

Jerome

Now that Amazon HQ2 has been announced, we can now begin the work toward moving the Bridge Design Process forward. With the approval of the concept by your CEO Jack Potter, JBG CEO Matt Kelly, VEDP CEO Stephen Moret and Arlington County Manager Mark Schwartz you and I can bring together the Team to move this project forward.

The JBG, State and Arlington Team members will be coordinated by Maria Leonzo, my Executive Assistant and I can have her reach out to your assistant to bring together everyone.

We will have our Transportation Director from Arlington County along with the appropriate design and engineering representatives from JBG and the State. There will also be a representative from the Crystal City Bid. If you could align the appropriate design and facilities staff from MWAACOM, I think we will be able to use this meeting to frame the process going forward.

Please let me know if this works for you.

Best,

Victor
